MS3C-300TSB Battery Powered Stair Evacuation Chair

Item# MS3C-300TSB

Features:

- Customized for optimal stair evacuation
- Durable powder-coated frame
- Easy to read, digital color-coded controls
- Ergonomic lifting handles reduce stress on caregiver
- Locking guide handles extend and lock for secure lifting if necessary
- Lift handles easily adjust to caregiver's specific needs
- Electric motor prevents caregiver injury replacing manual lifting with electric operation
- Durable, dual extra traction treads withstand high volume use
- 4 in front castor wheels
- Dual locking rear wheels with sealed bearings stabilize patient loading and unloading
- Rotating casters increase range of motion and sharper turn radius for use in confined spaces
- Easy-to-fold, compact for convenient storage and small spaces.
- Retractable foot rest ensures safe transport
- Vinyl head support is easily removed for storage
- Molded hand grips for extra control when lifting
- Light-weight, aluminum construction
- Easy to clean, grease-free maintenance
- Neoprene Seat for extra comfort
- Patient restraints included

Specifications:

- Folded size (inches): 45L x 19.5W x 10.6H
- Net weight: 66 lbs
- Weight capacity: 350 lbs
- Operating time: 1.5 hours (Equivalent to 200+ flights of stairs)
- Motor: 200W 24V 13.9A
- Output: 20-29.4V
- Replacement batteries sold separately
- FDA, CE and ISO 9001 Certificate
- Manufacturer's Warranty: 1 year
