

LED Contempo Patient Room Overbed Light

Features:

- Extruded aluminum housing and polycarbonate covers provide durability and enhanced performance
- Lightweight construction and easy access ballasts assure cost- effective installation
- Luminaire body: aluminum powder-coated, Silver
- Fitted 3 x LED circuits
- Light distribution: general lighting; indirect 4000 lumens
- Examination lighting; direct 4000 lumens
- Lighting for reading; direct 2000 lumens
- CRI: 80 +
- Color temp: 3,500K
- 3 way pull switch

Specifications:

- Work equipment: 3 x LED drivers
- Connected load: 120 - 277 V; 50-60 Hz
- Mains lead: direct power supplies
- Special features: forward asymmetric light distribution
- Fastening: wall mount
- Weight approx.: 19.5 lbs.
- Usage: remote switch, supplied by other
- Lamp cover: acrylic satin
- Technology: 3 circuit switchable
- Class of protection: I
- Norms: ETL/cETL
